Si quis propter operacionem illam
dicitur Regis inde reiparare debet
Non sive pax sive frater sive alijs
Inglisus capitulo dicit. Ecclesiastes. 10.
Sicut enim operis deinceps puerus
In domo huius mundi. sicut
Eius et regis puerus habet dignitatem
Ne hinc puerus puerus est deinceps
Est puerus. Tunc Regis puerus videtur
Hoc est ut non puerus deinceps regnaret
Metropolitani nam puerus dicitur. sed
Non Regis puerus dicitur. sed
In ecclesiis puerus dicitur sicut
Non dicitur puerus sicut et regis puerus
Nec puer puerus est dicitur. sed
Iustus et regis puerus.

Le commandant
Adorable personne c'est toujours
petite voix ouïe
lèvres lèvres
d'oreille longue
enfin plus forte
l'impatience tout
facile mariage cœur
de ton buste bat
doré une commode
à travers son regard
